

ILLS 2023 ROME POSTMEETING CONFERENCE

FIRST INT'L CONFERENCE ON MINIMALLY INVASIVE DONOR HEPATECTOMY AND LIVER TRANSPLANTATION

Joint Initiative From the International Laparoscopic Liver Society (ILLS) and the International Living Donor Liver Transplantation Group (iLDLTG)

NAPLES -ITALY SEPTEMBER 16, 2023

LOCATION: AULA MAGNA PARTENOPE CENTRO CONGRESSI FEDERICO II

VIA PARTENOPE 36, NAPLES

8.00 – 8.30 REGISTRATION

8.30 – 9.00 OPENING OF THE MEETING

R. Troisi (Conference President)

Introductory words:

- Matteo Lorito, Rector Federico II University
- Gaetano Manfredi, Major Metropolitan City of Naples
- Giovanni De Palma, Director Dept of Surgery, Gastroent. and Transplant AOU Federico II
- Hiroto Egawa (iLDLTG President) – Ho-Seong HAN (ILLS Executive)

9:00 -11:00 SESSION 1: STATE OF THE ART SESSION

Chairs: H. Egawa (Tokyo) – HS. Han (Seoul) – R. Troisi (Naples)

- ILLS-iLDLTG survey on MIDH R. Troisi (Naples)
- Donor selection criteri D. Kwon (Cleveland)
- Perioperative outcomes and safety D. Cherqui (Paris)

DISCUSSION

- Oldest and goodies of open donor hepatectomy T. Ikegami (Fukuoka)
- Establishing a program of lap MIDH and learning curve KS Suh (Seoul)
- Establishing a program of robotic MIDH and learning curve D. Broering (Riyadh)

DISCUSSION

11:00-11:30 COFFEE BREAK

11 30 – 13:30 SESSION 2: HOW I DO IT

Chairs: L. Aldrighetti (Milan) – D. Kwon (Cleveland) – S. Sudhindran (Kochi)

- | | |
|---------------------------------------|-----------------|
| • Laparoscopic right lobe procurement | KH Kim (Seoul) |
| • Laparoscopic left lobe procurement | GS Choi (Seoul) |
| • Robotic right lobe procurement | YM Wu (Taipei) |
| • Robotic left lobe procurement | GH Choi (Seoul) |

DISCUSSION

- | | |
|---|---------------------|
| • Transition lap assisted to full lap or open to robotic? | S. Eguchi (Fukuoka) |
| • Hybrid robotic procedures | M. Rela (Chennai) |
| • Unexpected events during MIDH | YS Han (Daegu) |

DISCUSSION

13:30 – 14:30 LUNCHEON SYMPOSIUM HOT TOPICS IN MINIMALLY INVASIVE LDLT

Chairs: G. Wakabayashi (Tokyo) – D. Broering (Riyadh) - D. Cherqui (Paris)

- | | |
|--|-----------------------|
| ○ Total minimally invasive hepatectomy | O. Soubrane (Paris) |
| ○ Recipient selection for M.I. hepatectomy and liver transplantation | KS Suh (Seoul) |
| ○ Laparoscopic and / or robotic implant | KW Lee (Seoul) |
| ○ Tailored immunosuppression in LDLT & SFSG | S. Nadalin (Tubingen) |

14:30 – 16:00 PARALLEL SESSION 3A: FREE SHORT ORAL AND VIDEO PRESENTATIONS (PLENARY ROOM)

Chairs: F. Rotellar (Pamplona) – S. Nadalin (Tubingen) – L. De Carlis (Milan)

10 Presenters (6 + 3 min)

14:30 – 16:00 PARALLEL SESSION 3B: FREE SHORT ORAL AND VIDEO PRESENTATIONS (ROOM 1)

Chairs: GS Choi (Seoul) – S. Gruttaduria (Palermo) - F. Di Benedetto (Modena)

10 Presenters (6 + 3 min)

16:00-16:30 COFFEE BREAK

16:30 – 19:00 SESSION 4: TECHNICAL ISSUES

- Chairs: M. Abu Hilal (Brescia) – S. Gupta (Delhi) – M. Spada (Rome)
- Parenchyma transection with energy devices YL Cheah (Houston)
- Parenchyma transection with CUSA B. Samstein (New York)
- LLS with glissonean approach for LDLT Y. Abe (Tokyo)
- Challenges for MIDH monosegmentectomy M. Kasahara (Tokyo)

DISCUSSION

- Bile duct division in MIDH J Kim (Seoul)
- How to handle anatomical variations S. Sudhindran (Kochi)
- Pro laparoscopic vs pro robotic MIDH: debate KS Suh (Seoul) & D Broering (Riyadh)
- Walls to be overcome in MIDH S. Gupta (Delhi)

DISCUSSION

19:00 CLOSING REMARKS

R. Troisi (Naples) - H. Egawa (Tokyo) – HS. Han (Seoul)

19:30 FAREWELL PARTY
