Living Donor Liver Transplantation

Guidelines for hosting the iLDLTG Colloquium

- The iLDLT Group was founded in 2014 with the objective of promoting global developments in and enriching the collective understanding of LDLT, through research and collaborative discourse.
 - The iLDLT Group has organized outreach programs to provide education and spread the knowledge on living donor liver transplantation. And as one of the outreach programs, we have organized **Colloquiums in countries where the field of living donor liver transplantation is not yet established.** Previous Colloquiums were successfully held in Ho Chi Minh City in Vietnam, Astana in Kazakhstan, Yangon in Myanmar, and Ulaanbaatar in Mongolia.
